

**The 13th Conference of Asian Society for Mitochondrial Research and Medicine [ASMRM]  
The 16th Conference of Japanese Society of Mitochondrial Research and Medicine [J-mit]**

	Lecture Hall <Ball Room East>	<Freesia>
October 30 (Sunday)		
9:00		
10:00		
10:30		
11:00	Registration Start	
12:00	Opening Remarks	
12:15	<b>Luncheon Seminar 1</b> <Blood glucose abnormalities in mitochondrial disorders.> Chairperson: Hiroyuki Tanaka (Okayama Saiseikai General Hospital, Japan) Speaker: Tohru Yorifuji (Children's Medical Center, Osaka City General Hospital, Japan)	J-mit Director's Meeting
13:15		
13:20	<b>Key Note Lecture</b> <Shifts in the diagnostic paradigm of mitochondrial disease: From 'one gene-one enzyme' to 'too many genes-diverse phenomena'.> Chairperson: Hiroshi Ichikawa (Doshisha University) Speaker: Akira Ohtake (Saitama Medical University, Japan)	
13:50		
14:00	<b>Plenary Lecture 1</b> <Exomes go Therapy> Chairperson: Naotada Ishihara (Kurume University, Japan) Speaker: Holger Prokisch (Institute of Human Genetics, Helmholtz Zentrum München, Neuherberg, Germany Institute of Human Genetics, Technische Universität München, Munich, Germany)	
14:50	<b>Sponsored Symposium 1</b> <A genomic view of mitochondrial diseases> Chairperson: Yasushi Okazaki (Saitama Medical University, Japan) Speaker: Min-Xin Guan (Zhejiang University, China) David Thorburn (Murdoch Childrens Research Institute & University of Melbourne, Australia) Yasushi Okazaki (Saitama Medical University, Japan)	
16:20	Poster viewing and coffee break	
16:50		
17:00	<b>Sponsored Symposium 2</b> <Mitochondrial and infectious diseases> Chairperson: Kiyoshi Kita (Nagasaki University, Japan) Speaker: Josephine Elizabeth Siregar (Eijkman Institute for Molecular Biology, Indonesia) Takumi Koshiba (Kyushu University, Japan) Kiyoshi Kita (Nagasaki University, Japan)	
18:30		
19:00	The Invitation Dinner
